Obveščam vas, da bo sestanek Društva v ponedeljek 2. marca ob 18. uri. Najprej si bomo ogledali delo s programom MyAlbum, ki je precej uporaben program za prikaz stereoskopskih slik (program je tudi zastoj). Nato bomo nadaljevali s sestankom in ogledom 3D slik članov Društva. Vabljeni tudi vsi ostali zainteresirani!

The next Society meeting will be on 2nd March at 18h. Before the meeting and projections of 3D content from our members, we'll see how to use program MyAlbum (for showing stereoscopic content).
